

Mobile Convention Center Internet Service

JMF Solutions is honored to be the Internet provider for the Mobile Convention Center. We provide wireless and wired Internet access to presenters and guests throughout the convention center.

Wired Internet

Some guests may require a wired connection for connecting printers or other wired network devices. A wireless bridge is available to meet these needs and allows for multiple devices.

Cost: \$100 install, see chart below for various options

Instructions: A JMF Solutions technician will help you install the devices you need and make sure that the wireless connection has been established

Speeds (Download x Upload)	Cost (per day)
5Mbps x 5Mbps	\$199
10 Mbps x 10Mbps	\$279
15Mbps x 15Mbps	\$349
25Mbps x 25Mbps	\$581

Sponsored WiFi

Provide Internet access for all connected devices at the event. The WiFi name is customized to your need. For example, “**Your Business Name Wireless**”.

Number of connected devices	Cost (per day)
0 – 100	\$500
100 - 500	\$1500
500 - 1000	\$2000
1000 - 15000	\$2500
1500 - 2000	\$3000

Single User Wireless Internet

Connect a single computer/device for a day

Cost: \$14.95 per day

Instructions: Open the browser on your device and use the webpage shown to purchase access

Please email Luke to place wired/sponsored order: lmattews@jmfnetworks.net
